

PEI College of Family Physicians
Annual Meeting of Members
May 10, 2024

**First Five Years in Family Practice
Update**

Resident/FFY networking event

On behalf of the Chapter and working with Dr. Sina Sedighi (PEICFP resident representative) we will be hosting networking events with residents and family physicians in their first five years of practice. We plan to host the first event on April 12th, with subsequent events ideally taking place earlier in the year (before residents commit to a practice situation).

First Five Years in Family Practice Facebook group

We are exploring the idea of a provincial FFYFP Facebook group working with our Chapter staff to help with managing and administering the page.
